Address

46/5 Rathnawila Road, Kalubowila,
Dehiwala

PROFESSIONAL SKILLS

Java • Python • JavaScript • HTML •
CSS • REACT • R language • SQL •

Node.js

Familiar:

- Android

EDUCATION

GRADUATE

Year One:

Programming Principles 1	74
Programming Principles 2	60
Web Development	71
Computer Science Practice	72
Computer Science Fundamentals	82
Mathematics for Computer	69

Year Two(Pending):

Object Oriented Programming	-
Database Systems	-
Client-Server Architecture	-
Machine learning & Data mining	-
Algorithms: Theory design and Implementation	-

Software development Group
Project

School @LPF Academy:

Cambridge GCE A2 Level:

Physics C | Mathematics C |

Computer Science B.

Cambridge GCE As Level:

Physics B | Mathematics B |

Computer science C.

Cambridge IGCSE: Business Studies

A | Mathematics A | Accounting B |

Economics B | English C | physics C

PROFILE

Diplomatic, personable, and adept at managing sensitive situations.

Highly organized, self-motivated, and proficient with computers.

Always willing to learn and grow, one step at a time to expand my horizon and put myself into uncomfortable positions to better my experience and exposure. I am seeking to further my capabilities and challenge myself with greater opportunities to test and learn newer technologies and approaches at managing, working and solving uncharted problems. Skilled at using HTML, CSS, JavaScript, Python, R language and Java.

EXPERIENCE

Internship experience | NONE-RELATED

Used this opportunity to meet and actively participate with industrial teams and work flows to better understand how to more effectively manage time and responsibility.

- Forward Air Courier (pvt) Ltd.
- Scanwell Logistics (pvt) Ltd.

PROJECTS

PROJECT PIKAIA | your personal mental health companion

Aug 2020 – April 2021 | [PIKAIA-project \(github.com\)](https://github.com/PIKAIA-project)

- Aimed at combating Negative mental health caused by unwarranted negative emotions and not having anybody to talk to.
- Technologies such as emotional analysis, an interactive interface with the help of a Chabot, music and Binaural beats recommender.
- Utilizes React.js, Flask web Framework, Tensor Flow, Chart.js, Material UI and was deployed on Azure.
- Team leader of Project PIKAIA. Effectively managed and worked with 5 other inspiring developers, delegated tasks and had the opportunity experiment and apply a variety of management and leadership Techniques etc.

GATEIN | MARKETING SITE

May 2013 – Aug 2013 | [Figma Link](#)

- Developed a project launch website page for a startup. Successfully completed with Positive feedback from the client (Paid).

Clubs and Societies

- Member of the youth at St. Mary's church.
- Member of the IEEE student branch at IIT
 - Working and interacting with like-minded individuals to understand and learn new technologies and approaches.
- Member of the WIE society
- Member of the IEEE computer society
 - Moderated/Hosted for a Flutter Webinar committee. Was able to apply and learn new dynamics in terms managing and executing tasks.
- Previous member of the Peace Gang society at LPF.
- Volunteered member for Bridge2Peace projects at LPF.

Soft skills

Public Speaking

Responsible

Leadership Skills

Enjoys working with teams

Great at Commutating

Competition

- Finalist for Haxmas '21.
- Semi-Finalist for IIT hack '21 (Ongoing- Awaiting results to proceed to finals).
- Participated for HashCode 2020 and 2021

Other achievements

- Winner of multiple medals for inter school sports meet 2015, 2017 and 2019 such as Shot put, Discus throw and other field events including an inter-house basketball tournament.
- Lead the back stage crew for the school play 'A musical odyssey' & 'Joseph' at LPF Academy public theatre production. Learnt the dynamics of working with and leading a team with a decent number of members and the responsibility of meeting deadlines. Effective planning and figuring out logistics was paramount to the success of the show.
